Subject: Declare for YHHIPLKA01 interference issue

To Whom It May Concern,

This is to declare that the device in FCC identified: YHHIPLKA01 has been block for avoid interference to Mobile Satellite Service.

We hereby ensure that we distinguish the radio sale area, the radios that sell to US have been disable the 5250-5350 MHz and 5470-5725 MHz bands in the US version firmware, and all packing include No Country Setting notice.

To my best of Knowledge, the above declared is true.

We hope this satisfies your requirements as identified and we look forward to receiving your confirmation.

Sincerely,

Dapeng Xing
Technique Manager
